Planning and Environment Act 1987

Stonnington Planning Scheme

Amendment C350ston

Explanatory Report

Overview

Amendment C350ston proposes to implement the recommendations of the *South Yarra Heritage Review* (GJM Heritage, March 2025) and the *Prahran East High Street Precinct Heritage Citation* (GJM Heritage, February 2024) by proposing to introduce the Heritage Overlay to 11 new individual places, two new precincts, one new group listing and five precinct extensions on a permanent basis, and by making other consequential changes to the Stonnington Planning Scheme.

Where you may inspect this amendment

The amendment can be inspected, free of charge, at the Stonnington City Council website, at:

www.connectstonnington.vic.gov.au/amendment-c350ston

The amendment is also available for public inspection, free of charge, during the office hours at the following locations:

Stonnington City Council
Planning Counter
311 Glenferrie Road
MALVERN VIC 3144

The amendment can also be inspected free of charge at the Department of Transport and Planning website at http://www.planning.vic.gov.au/public-inspection or by contacting the office on 1800 789 386 to arrange a time to view the amendment documentation.

Submissions

Any person may make a submission to the Planning Authority regarding the amendment. Submissions about the amendment must be received by **Monday 20 July 2026**.

All submissions must be sent to one of the following places:

Connect Stonnington

Submissions can be made in the *Make a Submission* form, online at:
www.connectstonnington.vic.gov.au/amendment-c350ston

Email

Submissions can be made by email to: strategicplanning@stonnington.vic.gov.au

Physical Mail

Submissions can be made, by mail, and sent to the following:

Stonnington City Council
Strategic Planning / City Growth
311 Glenferrie Road
MALVERN VIC 3144

Panel hearing dates

In accordance with Clause 4(2) of the Ministerial Direction No. 15, the following Panel Hearing dates have been set for this amendment:

- Directions Hearing **5 November 2026**
- Panel Hearing **2-11 December 2026**

Details of the amendment

Who is the planning authority?

The amendment has been prepared by Stonnington City Council, which is the planning authority for this amendment.

The amendment has been made at the request of Stonnington City Council.

Land affected by the amendment

The amendment affects various properties within South Yarra, and a small part of Prahran and Toorak. Specifically, it applies to individual places, precincts and a group within the study area of the *South Yarra Heritage Review* (Figure 1) and the *Prahran East High Street Precinct Citation* (Figure 2).

A mapping reference table is included in Attachment A to this Explanatory Report, and lists the land affected by the amendment, including the addresses and location of land and the proposed changes to heritage controls on the land. The land affected is also shown on Stonnington Planning Scheme Map No's. 1HO, 4HO and 5HO, which form part of this amendment.

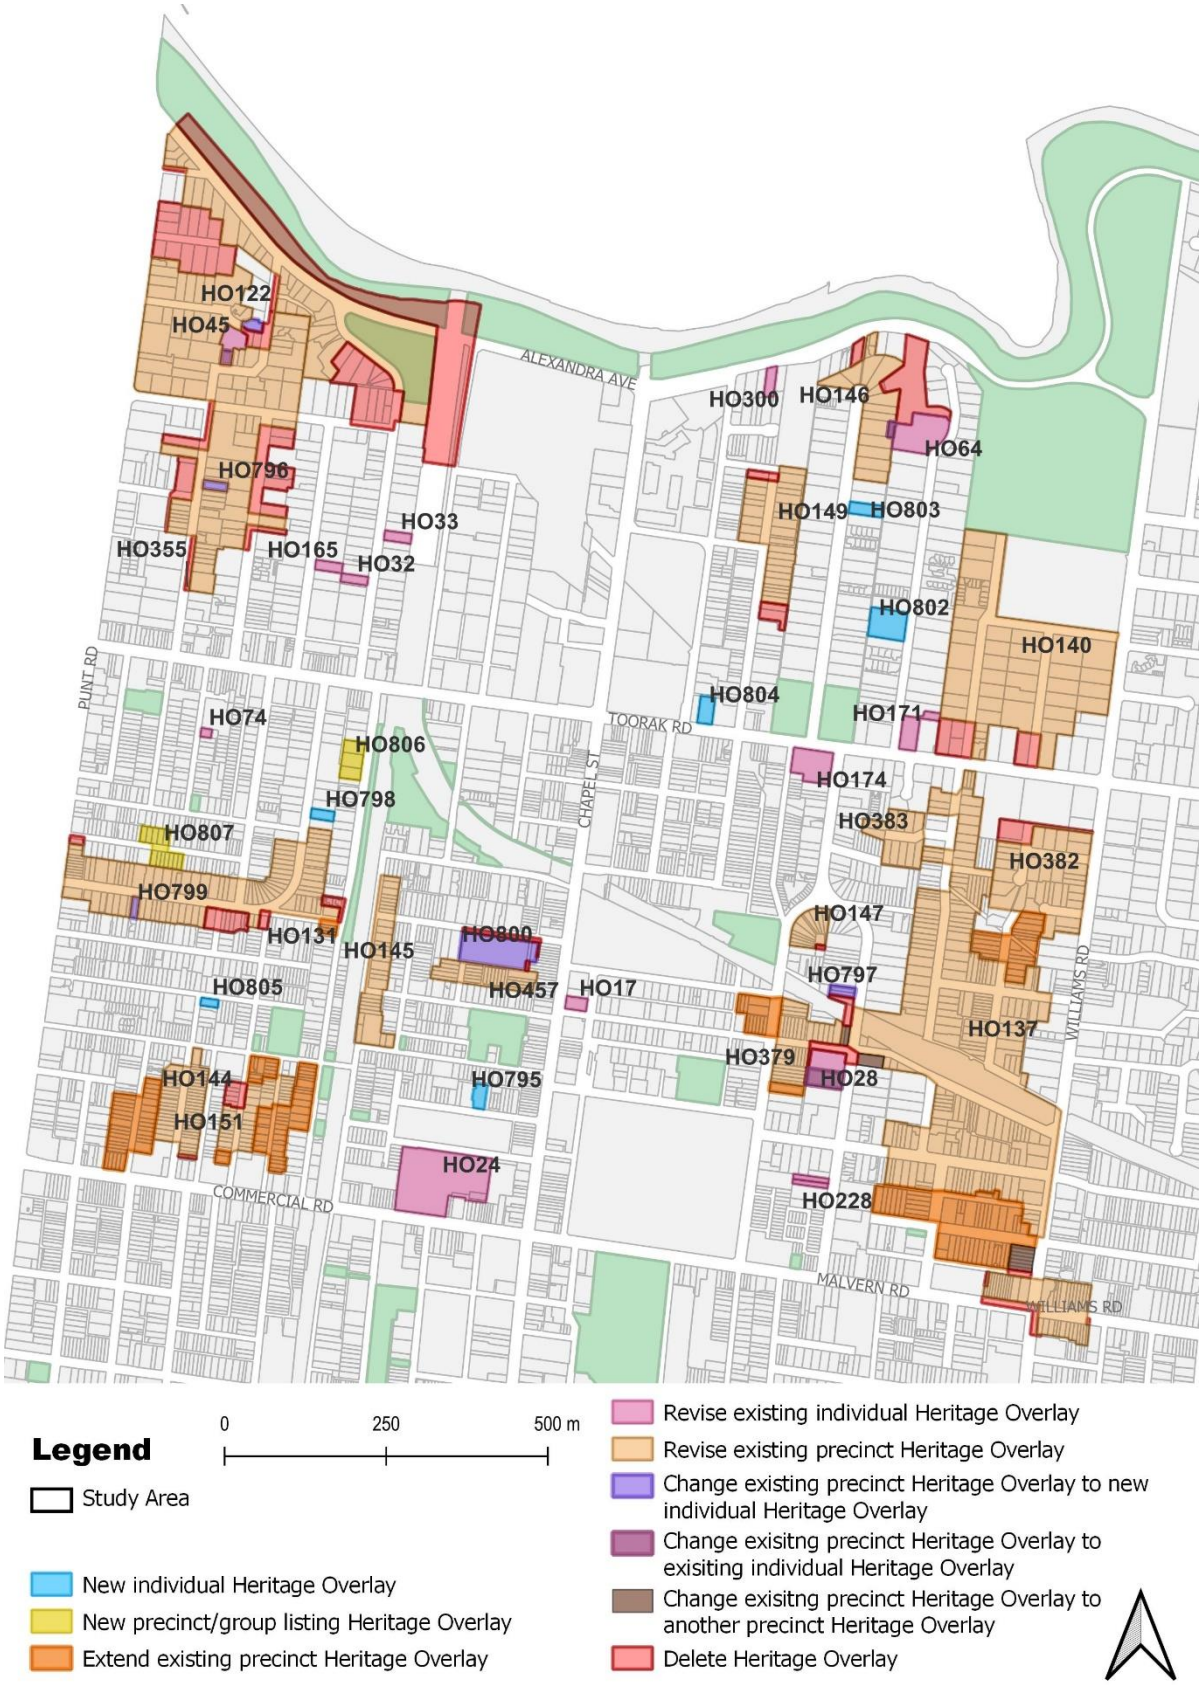

Figure 1: The study area of the *South Yarra Heritage Review* (GJM Heritage March 2025) with the proposed changes to individual places, precincts and a group listing.

Figure 2: The study area of the *Prahran East High Street Precinct Citation* (GJM Heritage, February 2024) showing land that is proposed to be included in the Heritage Overlay.

What the amendment does

The amendment proposes to implement the recommendations of the *South Yarra Heritage Review* (GJM Heritage, March 2025) and the *Prahran East High Street Precinct Citation* (GJM Heritage, February 2024) by introducing the Heritage Overlay to 11 new individual places, two new precincts, one new group listing and five precinct extensions on a permanent basis. It also proposes to introduce Statements

of Significance for these places, and 28 individual places and precincts that are currently within the Heritage Overlay. The amendment also proposes to incorporate the *Stonnington Thematic Environmental* History*: Postwar Addendum* (Built Heritage, April 2025) into the Stonnington Planning Scheme.

Specifically, the amendment proposes to:

Overlay Maps

1. Amend Stonnington Planning Scheme Map No's. 1HO, 4HO and 5HO to apply the Heritage Overlay to properties listed in Table 1 of Attachment A.
2. Amend Stonnington Planning Scheme Map No's. 1HO and 4HO to make planning scheme map reference revisions to properties in an existing Heritage Overlay in accordance with Table 2 of Attachment A.
3. Amend Stonnington Planning Scheme Map No's. 1HO and 4HO to delete properties and road reserves from the Heritage Overlay in accordance with Table 2 of Attachment A.

Planning Scheme Ordinances

4. Amend Clause 15.03-1L (Heritage) to include the Stonnington Thematic Environmental History: Postwar Addendum (Built Heritage, April 2025) as a policy document.
5. Amend the Schedule to Clause 43.01 (Heritage Overlay) to apply the Heritage Overlay, activate controls and include Statements of Significance for 11 individual places, two precincts, one group, and five precinct extensions in accordance with Tables 1 and 2 of Attachment A.
6. Amend the Schedule to Clause 43.01 (Heritage Overlay) to introduce Statements of Significance for 12 existing individual places and 16 existing precincts, and make various changes to existing places and precincts, including changing names and addresses, activating new controls, deleting existing places to include in separate precincts or an individual Heritage Overlay, and correcting errors in accordance with Table 2 of Attachment A.
7. Amend the Schedule to Clause 43.01 (Heritage Overlay) to insert the Victorian Heritage Register entry for the Toorak / South Yarra Library (VHR Ref No. H2463), in accordance with Section 56 of the *Heritage Act 2017*.
8. Amend the Schedule to Clause 72.04 (Incorporated Documents) to include Statements of Significance as incorporated documents for new and existing individual places, precincts, and a group, in accordance with Tables 1 and 2 of Attachment A.
9. Amend the Schedule to Clause 72.08 (Background Documents) to include the following as background documents:

- *Prahran East High Street Precinct Citation* (GJM Heritage, February 2024)
- *South Yarra Heritage Review* (GJM Heritage, March 2025)
- *Stonnington Thematic Environmental History: Postwar Addendum* (Built Heritage, April 2025).

Strategic assessment of the amendment

Why is the amendment required?

The amendment is required to implement the recommendations of the *South Yarra Heritage Review* (GJM Heritage, March 2025) and the *Prahran East High Street Precinct Citation* (GJM Heritage, February 2024) and also incorporate the *Stonnington Thematic Environmental History: Postwar Addendum* (Built Heritage, April 2025) into the Stonnington Planning Scheme.

Specifically, the amendment will introduce the Heritage Overlay to 11 individual places, two new precincts, one new group listing, and five precinct extensions. In addition, the strategic justification (including controls, curtilage and gradings) for 12 individual places and 16 precincts currently within the Heritage Overlay will also be updated.

The Review comprised of the review of existing individual places and precincts with heritage controls in the suburb of South Yarra (in addition to parts of Prahran and Toorak), as well as the identification of new individual places, precincts and a group listing for inclusion in the Heritage Overlay. It follows the *Malvern Heritage Review*, the *Toorak, Kooyong and Armadale Heritage Review* and the *Prahran and Windsor Heritage Review*, as part of the ongoing municipal-wide, suburb-by-suburb heritage review.

Aside from the identification of new heritage places, the Review includes the review and update to a number of existing individual places and precincts across South Yarra, and the changes include the deletion of some properties from the Heritage Overlay, and changes to the boundaries of various individual places and precincts, as well as activation of controls in the Schedule to Clause 43.01 (Heritage Overlay). These changes are proposed in order to apply the Heritage Overlay in an orderly manner and to remove the application of the overlay where it is no longer strategically justified or supported.

The significance of the individual places and precincts were assessed against the standard criteria contained in *Planning Practice Note No. 01 - Applying the Heritage Overlay* (PPN1) and are considered to meet the requirements and threshold for local protection through the Heritage Overlay.

The Heritage Overlay is the appropriate planning mechanism to protect the identified heritage values of the heritage places, as the Heritage Overlay requires a planning permit to be granted for buildings and works, including demolition. Planning permit

applications for land within the Heritage Overlay are assessed against the purpose and decision guidelines of the Heritage Overlay, and Clause 15.03 (Heritage Policy) to conserve the heritage significance of heritage places and precincts.

The application of the Heritage Overlay will not preclude development opportunities or higher densities, instead it will ensure that the identified heritage values of individual places and precincts are appropriately considered when development occurs. The amendment will provide clarity and certainty, enabling for more sensitive and enduring development outcomes that conserve and enhance the valued heritage character of Prahran, South Yarra and Toorak, while accommodating for housing growth and change within the municipality.

The amendment implements Section 56 of the *Heritage Act 2017* to insert the relevant Victorian Heritage Register details for the Toorak / South Yarra Library (VHR Ref No. H2463). On 21 August 2025, the Toorak / South Yarra Library was included as a state-significant place on the Victorian Heritage Register, and accordingly, this amendment inserts the relevant information in accordance with the *Heritage Act 2017*.

The amendment will also introduce the *Stonnington Thematic Environmental History: Postwar Addendum* (Built Heritage, April 2025) as a policy and background document. This ensures that the postwar period is understood within its historical context, allowing the heritage significance of postwar places to be appropriately considered.

How does the amendment implement the objectives of planning in Victoria?

The amendment is consistent with the Objectives of Planning in Victoria, by implementing the objectives detailed in Section 4(1) of the *Planning and Environment Act 1987*, which states:

> "*To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.*" and
>
> "*Balance the present and future interests of all Victorians.*"

The amendment also implements the objectives detailed in Section 12(1)(a) of the *Planning and Environment Act 1987*, which states that:

> "*A planning authority must – implement the objectives of planning in Victoria*".

The heritage values associated with each individual place, precinct and group listing for inclusion in the Heritage Overlay are outlined in the citations contained within the *South Yarra Heritage Review* (GJM Heritage, March 2025) and the *Prahran East High Street Precinct Citation* (GJM Heritage, February 2024) and the respective Statements of Significance. The amendment will ensure that the heritage significance at all of these places is considered in any development proposal.

How does the amendment address any environmental, social and economic effects?

Environmental

The amendment is not expected to have any adverse environmental effects. It is widely understood that the retention and conservation of heritage buildings has positive environmental and sustainability benefits. Reduction in energy usage associated with demolition, and minimising waste disposal from demolition and new construction to landfill is achieved through the retention and conservation of heritage buildings. The retention, and adaptation of heritage buildings promotes sustainable development, by conserving the embodied energy in existing buildings.

Social and economic

The amendment is expected to have positive social and economic effects by protecting and conserving places of cultural heritage significance to Stonnington. Heritage buildings and places positively contribute to the sense of place and connection in communities. The amendment recognises places that contribute to an understanding of Prahran, Toorak and South Yarra's cultural heritage for present and future generations, while acutely balancing the needs of all Victorians.

Does the amendment address climate change?

The amendment seeks to conserve heritage places and precincts in South Yarra and a small part of Prahran and Toorak. By encouraging the retention, repair and adaptive reuse of existing buildings, the amendment supports environmentally sustainable and climate-responsive outcomes through the conservation of embodied energy and materials, the reduction of demolition waste sent to landfill, and avoidance of emissions associated with demolition and replacement buildings.

Does the amendment address relevant bushfire risk?

The land affected by the amendment is not subject to Bushfire Risk or a Bushfire Management Overlay, and the amendment is unlikely to result in any significant increase to the risk of life, property, community, infrastructure, or the natural environment from bushfires.

Does the amendment comply with the requirements of any other Minister's Direction applicable to the amendment?

The amendment is consistent with *Ministerial Direction - The Form and Content of Planning Schemes*, as identified in Section 7(5) of the *Planning and Environment Act 1987*.

The amendment is also consistent with the requirements of *Ministerial Direction No. 11 -Strategic Assessment of Amendments* under Section 12 of the *Planning and Environment Act 1987*. The amendment is consistent with the direction that ensures

a comprehensive strategic evaluation of a planning scheme amendment and the outcomes it produces.

How does the amendment support or implement the Planning Policy Framework?

The amendment is consistent with the following clauses of the Planning Policy Framework, and will assist in achieving objectives of the following clauses:

Clause 15.01-5S (Neighbourhood Character)

The amendment is consistent with the objective to "*to recognise, support and protect neighbourhood character, cultural identity, and sense of place*" by applying the Heritage Overlay to individual places, precincts and a group, to conserve Stonnington's distinct character.

Clause 15.01-5L (Preferred neighbourhood character)

South Yarra is within the preferred neighbourhood character area 'Inner Urban', 'Garden Suburban 1', and 'Garden River'. Each of these areas seek to "*encourage the retention of Victorian, Edwardian, and Interwar era buildings that are intact and in good condition*". The Garden Suburban 1 area further seeks to "*maintain the character of the Garden Suburban 1 (GS1) precinct, comprising leafy streetscapes with a range of Victorian, Edwardian or Interwar era and Contemporary buildings set in established garden surrounds*". The Garden River area further seeks to "*preserve the character of the Garden River precinct, comprising buildings that contribute to the Yarra River and its landscaped setting, with innovative architectural styles set among Victorian, Edwardian and Interwar dwellings and well-planted, spacious gardens*".

The small part of Prahran and Toorak (the *Hawksburn Retail Precinct* and the *Prahran East High Street Precinct*) are each within the Inner Urban preferred character area.

Clause 15.03-1S (Heritage Conservation)

The amendment is consistent with the objective "*to ensure the conservation of places of heritage significance*" as the amendment applies the Heritage Overlays to places identified to have heritage significance.

Clause 15.03-1L (Heritage)

The amendment is consistent with the objective "*to conserve and re-use significant and contributory heritage places*" by applying heritage controls to places with identified heritage significance.

Clause 16.01-R (Housing Supply - Metropolitan Melbourne)

The amendment is consistent with the objective to "*allow for a range of minimal, incremental and high change residential areas that balance the need to protect valued areas with the need to ensure choice and growth in housing*".

The amendment supports these clauses by identifying, assessing, and documenting the local heritage significance of new heritage places, as well as updating the strategic justification of existing heritage places in the Stonnington Planning Scheme. The amendment also provides for the conservation of the places, precincts and a group of identified local heritage significance and will ensure that the heritage values of properties are appropriately considered when development occurs.

How does the amendment support or implement any relevant strategic plan or policy statement adopted by a Minister, government department or public authority?

The amendment is consistent with the vision and overarching aims within *Plan for Victoria*, specifically, *Pillar 3: Great places, suburbs and towns,* which aims to create and enable culturally rich and vibrant local communities, which includes the protection of places and precincts of local heritage significance.

Is the amendment consistent with the delivery of the relevant housing target set out in the Planning Policy Framework?

The amendment is consistent with the delivery of Stonnington's set housing target as outlined in Clause 16.01-1S (*Housing Supply*) and *Plan for Victoria*. The application of the Heritage Overlay does not preclude development opportunities or higher densities. It will ensure that the identified heritage values of individual places and precincts are appropriately considered when development occurs. The amendment will not undermine Council's ability to accommodate growth and support housing opportunities across the municipality, specifically noting the dispersed spread of sites in the study area and minimal impact that the amendment has on the achievement of housing objectives in the Train and Tram Zone Activity Centres Program.

How does the amendment support or implement the Municipal Planning Strategy?

The amendment is consistent with the strategic directions of the Municipal Planning Strategy, and will assist in achieving the objectives of the following clause:

Clause 02.03-4 (Built Environment and Heritage)

The amendment implements the strategic directions for Built Environment and Heritage (Clause 02.03-4), by protecting and reinforcing Stonnington's distinctive character, in particular, the identified heritage values of the individual places and precincts.

Clause 02.03-5 (Housing)

The amendment also supports the strategic directions for Housing (Clause 02.03-5), by balancing the need to protect and conserve Stonnington's distinctive character and identified heritage values, and the need for additional housing. The application of the Heritage Overlay will not preclude development, instead it will ensure that the

identified heritage values of individual places and precincts are appropriately considered when development occurs.

How does the amendment balance any competing policy objectives or strategies?

The amendment balances competing policy objectives by integrating heritage conservation outcomes with broader objectives related to housing supply and growth. It does so by protecting places and precincts of demonstrated heritage significance using the Heritage Overlay which does not prevent housing change but ensures that development proposals are appropriate and considerate of heritage significance.

Does the amendment make proper use of the Victoria Planning Provisions?

The amendment makes proper use of the Victoria Planning Provisions.

The application of the Heritage Overlay and the associated Statements of Significance is the most appropriate tool for the protection of heritage places of local significance. The application of the Heritage Overlay and Statements of Significance have been prepared in accordance with PPN1.

The amendment seeks to amend the Schedule to Clause 43.01 (Heritage Overlay). This clause triggers the requirement for a planning permit if proposing to subdivide land, demolish or remove a building, or construct a building or carry out a range of building works. The Heritage Overlay also provides decision guidelines for the responsible authority on the granting of planning permits for places of identified local heritage significance.

How does the amendment address the views of any relevant agency?

The views of relevant agencies will be sought through the exhibition period of this planning scheme amendment.

Does the amendment address relevant requirements of the Transport Integration Act 2010?

The requirements of the *Transport Integration Act 2010* are not applicable to this amendment, as it does not result in alterations or changes to the current transport system.

How does the amendment have regard to the principles set out in the *Yarra River Protection (Wilip-gin Birrarung murron) Act 2017* in relation to Yarra River land and other land, the use or development of which may affect Yarra River land?

The amendment affects Yarra River land as it proposes to remove part of the Heritage Overlay that covers part of the bank of the Yarra River within the *Alexandra Avenue Precinct* (HO122). This land has no heritage significance to the precinct, and the removal of the Heritage Overlay has no detrimental impact on the Yarra River.

The amendment also applies to land described in the *Burndap Birrarung burndap umarkoo*, the Yarra Strategic Plan, as the 'Inner City Reach'.

The amendment is consistent with the principles set out in the *Yarra River Protection (Wilip-gin Birrarung murron) Act 2017,* specifically the cultural principle to recognise and protect the cultural diversity and heritage of post-European settlement communities as a valued contribution to the identity, amenity and use of Yarra River land.

Resource and administrative costs

What impact will the new planning provisions have on the resource and administrative costs of the responsible authority?

The amendment will not result in any significant implications or administrative costs to the Responsible Authority. Council's planning team has the thorough knowledge base and experience required to assess planning permit applications with the Heritage Overlay, alongside experienced heritage advisors who assist and advise planners. Council does not expect a substantial increase in the number of planning permit applications as a result of this amendment, as a majority of places and precincts included in this amendment already have the Heritage Overlay applied, and it is expected that Council officers will continue to assess applications within the prescribe timeframes.

Attachment A – Mapping Reference Table

1. New individual heritage places, precincts and a group

HO no.	HO Map changes	Name/description	Address(es)	Changes to Sch. to Cl. 43.01 (Heritage Overlay)	Add *Statement of Significance* to Sch. to Cl. 72.04 (Incorporated Documents)
