Osborne Park – New park

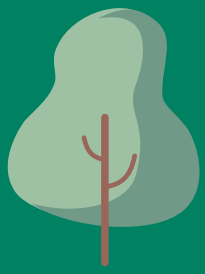

Engagement Snapshot

Osborne Street, South Yarra

City of STONNINGTON

Timeline

October 2023
(Community sentiment and ideas gathering)

About

In October 2023, we asked the community to share with us how they would enjoy using a new park at 26 Osborne Street, South Yarra and what features they would like to see in the new park.

At the time we suggested the park would be a place for the community to get out in the sunshine, enjoy nature, relax under a shady tree and socialise with family and friends.

Further, the size and residential setting of the park would mean it would not be suitable for active recreation activities but will be a perfect spot to relax and enjoy the local neighbourhood.

The community's valuable insights will help us develop a draft park design genuinely informed by the people who will use the park most.
